SUMMARY

I'm a Front-End Developer with experience in building responsive, user-friendly websites using HTML, CSS, JavaScript, and Bootstrap. I also have hands-on experience with WordPress and Shopify, including theme creation and customization. I enjoy turning design concepts into functional websites and am passionate about delivering seamless user experiences across all devices. I'm eager to contribute my skills to real-world projects and continue growing in the web development field.

EXPERIENCE

Web Developer

Bharat Intern

📅 08/2023 - 09/2023 📍 Work From Home

- HTML
- CSS

PROJECTS

Qibah Grocery Store (Figma to site)

- Created a **fully responsive website** using **HTML, CSS, and JavaScript**.
- Added a **slider** feature with **Slick Slider** for easy content scrolling.
- Built the site to be **pixel-perfect**, matching the **Figma** design exactly.
- Made sure the website works well on all devices and browsers.
- Wrote **clean and organized code** for better performance.

Grocery shopping site

- Developed a responsive grocery shopping website using **HTML, CSS, and JavaScript**.
- Designed an interactive **login form** with creative hover effects.
- Integrated **social media links** for easy connectivity.
- Focused on **user-friendly UI/UX** for smooth navigation and enhanced user experience.
